

HEALTH & SAFETY MANUAL

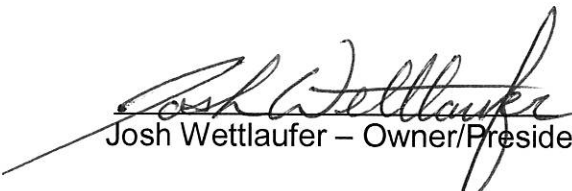

14 Environmental Protection Policy

EnviroBore Ltd. is committed to identify, assess and reduce through effective management, any negative impact to the environment associated with our business. We will endeavor to meet or exceed environmental industry standards and Regulations established by Federal, Provincial or Municipal Governments.

The obligation of environmental protection is a key issue in our entire endeavor and a factor in all our contracts. This obligation will be encouraged and enforced by all levels of management to promote the respect for the environment, in being responsible for products from the cradle to the grave.

All workers, contractors and suppliers will be encouraged to reduce, reuse and recycle materials whenever possible. Our commitment is to reduce any negative impact to the environment by providing leadership training and resources to ensure these goals are met.

The safety information in this policy does not take precedence over the Occupational Health and Safety Act, Regulations and Codes. All employees should be familiar with the OH&S Legislation, as it pertains to their work.
